Þetta vottorð staðfestir að Listasafn Íslands hefur keypt eintak númer eitt af fimm sem verða gerð af umræddu verki.

Veil is a single shot camera work taken on the windy, black sands in Skeiðarársandur Iceland. The invisible wind creates a veil of sand grains covering the earth. The soothing movement and sound create a meditative experience – a mental space for the audience to zone out of their own consciousness.
